

MTAC EK 03

M-TAC EK03

wall mounted flying insect trap

*“Irresistible attraction
hygiene protection
through effective control”*

MTac EK03 1x2IP unit offers advanced fly control for demanding environments and is suitable for areas that are steam-cleaned, hosed down and are damp or corrosive e.g. dairies, abattoirs and industrial kitchens. It is entirely made in Metal body.

MTAC EK03

M-TAC fly traps attract flying insects by emitting ^{UV} light at 350 nanometres, the optimum wavelength for insect attraction. Attracted into the M-TAC unit insects are entrapped on a glueboard discretely hidden within it. The glueboard is easily accessible and is quick and easy to change.

FLYING INSECT CONTROL

FEATURES

- 220Vac - 240Vac
- Wall mounted
- 3 year guarantee against defects in parts & workmanship
- Easily maintained
- Attractive stylish design
